### MINI WRIST-REST

- Ideal for mouse, calculator, keypad, laptop or phone user.
- Light weight and compact, only 4¾" x 2¾".
- Gel filled, covered with Lycra.

### GEL FILLED WRIST REST SET

Two hands, two wrists, two wrist rests. The innovative approach allows workers to fit the soft, stress dispersing gel pads individually, while leaving the centre area in front of the keyboard open for other necessary accessories. Finished in smooth Lycra®, the wrist rests are as easy on the skin as they are on the muscles.

- The Ergonomic Wrist Rest Set allows you to find the most comfortable position for each hand or wrist.
- Soft, comforting GEL structure disperses stress - helps you to relax your hand, wrist and arm.
- Supports the wrist and helps you attain a neutral wrist posture.
- Now you can place frequently used items directly in front of your keyboard.
- Perfect for laptop user.
- Dimensions : 7" x 3" each.

### GEL CHAIR ARM REST

The Perflex Charm was designed with one thing in mind ; comfort! Slide the set of 2 rests over your existing chair arms and you got instant comfort, at an affordable price!
