

Productivity through Prevention- Everywhere You Work!

Offering all the comforts and functionalities of the standard Goldtouch keyboard, but in a sleeker and lightweight form factor, is the "Goldtouch Go! Travel Keyboard". It is the ONLY compact keyboard that reduces or eliminates risk factors that lead to injury. At a mere 1.5lbs, the "Go! Travel Keyboard" allows road warriors and mobile professionals to safely work wherever their job takes them, while enjoying all the benefits of the standard Goldtouch, when away from their office workstations. Other "mini" or "compact" keyboards have shortened key travel distance (2mm) that is too short or hard, and can cause significant pain from "bottoming out." The compact design of the "Go! Travel Keyboard" makes better use of limited space environments, and allows for an external mouse to be placed even closer to the keyboard, reducing possible shoulder pain while increasing comfort. Adding to the historical durability and ruggedness of the standard Goldtouch, the "Go! Travel Keyboard" comes with two protective covers reducing possible impacts that could lead to loss of key caps during transport when travelling.

Protective covers

ITEM CODE

- EGTP0055
- GTP-0055

FEATURES AND BENEFITS

- Adjustability: 0°-30° adjustment for Ulnar deviation (wrist splay) in the horizontal plan, combined with 0°-30° adjustment for wrist pronation (vertical tenting).
- Soft key touch, low activation force and full key travel distance provides keying comfort and reduces risk from "bottoming out" when keying.
- Compact size allows for use in limited space environments, and reduces shoulder abduction when reaching for mice and other peripherals.
- Ease of use and intuitive design allow new users to adjust the keyboard to a comfortable typing position without additional accessories or attachments.
- Compatible with Windows 2000, XP, Vista and Mac

SPECIFICATIONS

- Activation Key Force: 40g-45g average
- Travel Distance: 3.2mm, +/- .5mm
- Weight: 1.5lbs(.68Kg)
- Dimensions:
 - 13.25"(33.6cm) x 6"(15.2cm) x 1"(2.5cm)-at highest point
 - Extra USB HUB.
