

Logitech 3 Buttons Wireless Mouse [ELX5]

Do away with cord clutter with this wireless mouse. Comfortable, sleek flared body, but has ample support for either hand. The mouse offers you **convenience** with the Smart power management, extends battery life up to 8 months with auto-standby. Even longer, if you use the on/off button. Indicator light tells you when batteries need replacing. Also, offers you precision with the **Invisible Light™** optical technology, tracks better while conserving power. You also have the **Tilt Wheel Plus Zoom™**: to scroll side-to-side. Effortlessly zooms in and out of photos and spreadsheets.
