

Ceiling mount[E9181 serie]

Suspend a flat panel or LCD from the ceiling. Perfect for POS/POP, retail and healthcare applications. This flexible pivoting mount allows for quick adjustment of monitor angle and rotation. Also, our arm can be fixed at +/- 90 degrees from perpendicular to ground for installation flexibility. Available in a 24" and 48" length. Ideal for high-ceilings and drop-ceilings.

- Tube can be mounted at up to +/- 90 degrees from perpendicular to ceiling for maximum installation flexibility.
- Internal cable management - route cables through tube.
- Turn monitor 360 degrees; pivots over a broad range - may even be positioned parallel to floor.
- VESA-monitor compatible - 75mm & 100mm VESA adapters included.
- Tube available in 24" and 48" long.
- Weight Range : 45 lbs. or less
- Model Number
E918124 (24" tube)
E918148 (48" tube)
