

Ergonomics made beautiful

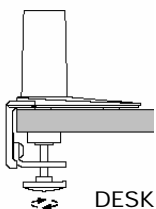

EVO™ is a stunning LCD mounting arm, which establishes a new standard in computer ergonomics by delivering elegant yet functional design to the desktop. EVO™ levitates a flat panel monitor above the work surface, enabling fingertip adjustment of monitor height and position. All movements are entirely effortless—there are no buttons or levers. EVO™ extends up to 16", and folds back onto itself, creating a multi-functional workspace where the monitor can be moved out of the way when not in use.
